205 Points Above Exceptional

Uplanders Thrilled With High Rating

Unusually wide interest is being shown by hundreds of Uplanders and others in the enviably high rating given Upland as a superior community.

The Pathfinder magazine article, as reported in The Upland News last week, revealed a Columbia university survey had given Upland a rating of 205 points above "exceptional" as a community in which to live.

At an early date The News will make a complete reprint of the Pathfinder article. No copies of the magazine are available at present, although efforts are being made to obtain them from the publishers. If or when available copies of the magazine will be offered at The News office to all interested persons.

Subdividers Plan To Sue City

Keeping Up - - With Uplanders

SUBDIVISION SUIT

It is with regret we learn the proposed subdividers on Thirteenth street are going to sue the city in an effort to force their project on the community.

While, we favored their project when it came to a vote on the city council, we believe they were given their answer at that time. Majority opinion is still the rule and it was the voice of the majority of the elected officials who gave their answer.

There are two sides to the proposal and while we happened to be among the minority at the time of voting, we certainly do not believe this issue should be carried outside the city.

We hope City Attorney Henry M. Busch is right in his assertion that "no court is going to substitute its own opinion for that of the planning commission and the city council."

TELEVISION TIME

One local firm is considering the advisability of investing in advertising with a group of other southland business firms on television. The local firm's name would be given a four second flash on the screen and a narration by an announcer.

We are not in a position to know the merits of TV advertising.

We thought you might be interested in the 4-second cost. It is $7.50.

MT. BALDY C. OF C.

It's an imposing start the Mt. Baldy chamber of commerce is getting. The smartly printed letterhead among other things describes the nearby canyon as the "Mountain Paradise of the Southland."

T. Kirk Vernon, long-time Uplander, is listed as a member of the honorary advisory board. Penned on the letterhead from him is this note; "I just thought you might like to know what is going on at Mt. Baldy."

Art Snowden also added his note in three words. He is the executive vice president and chairman of the "Wild Life" committee. Checked after his committee assignment is this comment; "Ain't I Lucky?"

Yes, Yes, indeed.

Incidentally, H. A. Nelson is president, M. L. Pearson, treasurer and Edward S. Shea, secretary.

CIVIC MEETINGS

A dozen or so persons met at the home of Mr. and Mrs. Leon Richardson, 1775 West Foothill boulevard, Monday night to "discuss civic problems."

"Several of us are a little dissatisfied with some of the actions of the planning commission and the city council and at the meeting various matters were discussed," explained Mr. Richardson.

Regardless of what is troubling this group, it is a good thing to have an active interest in civic affairs. A few weeks ago the city council chamber was filled with interested citizens. Residents should always maintain an active interest in their city. Every council and school board meeting should have interested citizens present.

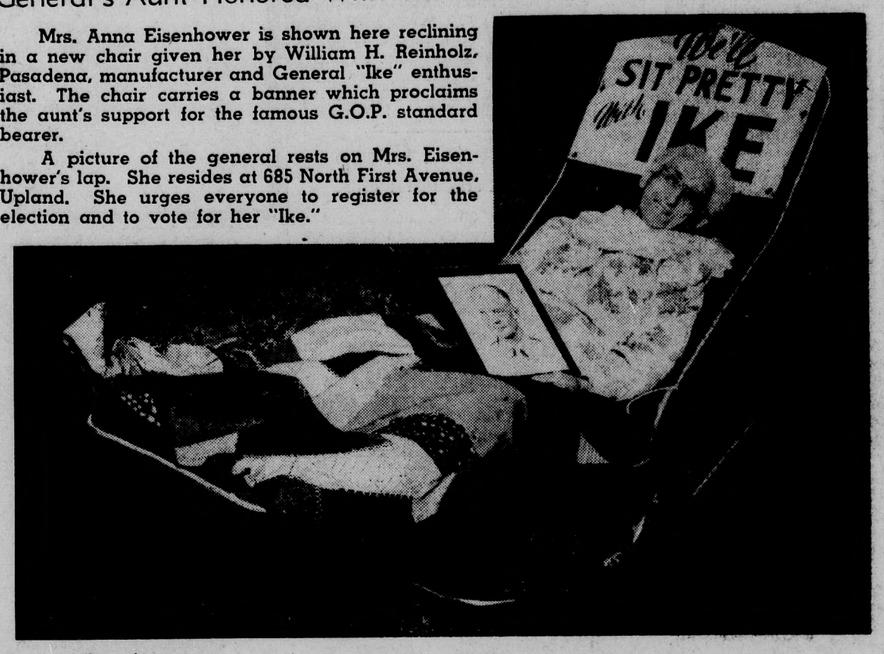

A constant, constructive active interest should prevail at all times.

FEELING AT HOME

One of the biggest tasks ahead of Upland residents is to make the newcomers here "feel at home."

Upland attracts a high quality of citizenry—and as good residents in an outstanding community it is up to us to maintain a strong feeling of friendliness.

General's Aunt Honored With Gift from "Ike" Booster

Mrs. Anna Eisenhower is shown here reclining in a new chair given her by William H. Reinholz, Pasadena, manufacturer and General "Ike" enthusiast. The chair carries a banner which proclaims the aunt's support for the famous G.O.P. standard bearer.

A picture of the general rests on Mrs. Eisenhower's lap. She resides at 685 North First Avenue, Upland. She urges everyone to register for the election and to vote for her "Ike."

Orton Predicts

Fewer Nationals Needed For Grape Harvest

Despite predictions for a near-bumper grape harvest this fall, Ray Orton, manager of the Southern California Farmers association, yesterday estimated a drop in the number of Mexican nationals to be employed in the harvest.

"I will be surprised if we need more than 300 nationals for the harvest this year," Mr. Orton stated. Last year during the harvest the number was 427.

Mr. Orton pointed out that an increase in the number of domestic workers and migrant laborers will help offset the need for nationals.

"Naturally we do not want to bring in nationals if it is going to push our own domestic workers out of jobs," Mr. Orton stated.

There are now 99 recently-arrived nationals living at the camp on East Arrow highway. The camp was vacant for three months during the spring after the Mexican consul withdrew all the workers. Increased law enforcement in the area has prompted the consul to permit the return of the nationals.

Mr. Orton predicted that a number of migrant workers would be on hand for the grape harvest next month.

Upland Kin Of Presidential Nominee Thrilled With Activity

Jovial, proud, Mrs. Eisenhower is getting accustomed to the spotlight.

Her famous nephew, General Dwight Eisenhower, has resulted in reflected glory coming to the 85 year old Uplander and this week she was the recipient of a conforming lounge chair. A Pasadena manufacturer, an ardent "Ike" admirer thought of Republican standard bearer's only living aunt and wished to honor her with the chair.

Begonias Win Two Gold Cups

Two gold cups were won by Mrs. Mary Gillingwators, 1083 North Benson avenue, at the fifth annual flower show of the San Gabriel Valley branch of the American Begonia society.

One cup was for the best begonia in the show and another cup was for first place in a division. Only by a very narrow margin did she miss bringing up a third first place cup. A mantel in her country home is being heavy laden with cups won at various shows in the southland.

A huge Rhizomatous begonia was rated the best plant in the large show. Among her large collection exhibited were some hybrid plants she has developed.

A begonia display is being entered by the talented Upland woman in the Orange county fair at Santa Ana.

With a picture of the general on her lap and reclining in the chair, Mrs. Eisenhower's thinning gray hair partly obscured a sign that read; "We'll Sit Pretty With Ike."

"Oh, my, what's this, another picture?" queried the ever-smiling aunt, as she observed a camera and a flashlight gun. "I am getting used to this. I never thought it would be anything like this just because the general was nominated."

And then after a pause she observed; "For his sake, I hope the general doesn't get in the White house but I am sure he will."

While she and the general have not seen each other for years, the Uplander is keeping in touch with General Eisenhower. And he is keeping in touch with her.

Mrs. Eisenhower is in care of a nurse at the home of Mr. and Mrs. E. J. Broyles, 685 North First avenue. Some days she feels excellent. At other times she prefers to be alone and to rest.

On the day the chair was given to her, however, Mrs. Eisenhower was eager to cooperate with the donor and the photographer.

"I want to do anything I can to help Mr. Eisenhower," she said and when told she could hold his picture, she jubilantly exclaimed, "that will be wonderful." Her favorite picture of him is one on which he has inscribed a message of love to her.

At the time the Republicans chose General Eisenhower, the Upland relative followed the proceedings intently on television. Since then he has sent her a telegram and other word has come to her from him.

Wins Sweepstake Cup

Mrs. Mary Gillingwators is behind her champion begonia plant and she is displaying one of the two cups she won at the San Gabriel valley flower show. Her prize-winning entry was chosen the best begonia in the show and she was given the American Begonia Sweepstakes award.

Permits Issued For 2 Houses

Permits for two new houses in Upland were issued this week, bringing the week's building total to $12,755.

Mr. and Mrs. James Sprinkle, 1119 Harvard street, Claremont, received a permit to build a five-room house at 648 North Fifth avenue.

Mr. and Mrs. Capriana Hernandez, 850 Alpine street, were issued a permit for a five-room house at 690 North Sixth avenue.

Other permits issued from the office of Building Inspector Richard Derby went to Roy A. Ray, 867 North Second aveune, for termite damage repairs; to Antonio Espino, 713 North Campus avenue, for converting a garage into a bedroom; to Bessie G. Sprague, 858 East F street, for re-roofing a house at 595 North Ninth avenue.

Relatives Visit At Lee Home

Recent luncheon guests of Mrs. Annette R. Lee and her daughter, Miss LeOla Lee, at their home, 520 North Campus avenue, mere Mr. and Mrs. Sorne Thorpe and their daughter-in-law, Mrs. Neil E. Thorpe, of Sidney, Nebraska.

The visitors are vacationing in California, spending part of their time in Long Beach where Neil E. Thorpe is with the U. S. Navy, stationed on the U. S. S. Bellatrix.

Mrs. Sorne Thorpe is a niece of Mrs. Lee. She had not visited her aunt and cousin for 36 years, and the occasion was a happy one.

Mr. and Mrs. J. W. Stevens have returned to their home, 443 North Euclid avenue, following a fishing trip and vacation to Pagosa Springs, Col.

Mrs. Hazel Gill of Costa Mesa was an overnight guest Tuesday of her sister, Mrs. William Campbell, at her home, 433 North Third avenue.

Retired College President Resides In New Upland Home

Dr. James Grier, retired president of Monmouth college, and Mrs. Grier, have selected Upland as their new home city and have purchased the residence at 1231 North Euclid avenue. This is one of the new dwellings recently erected by Hubert Manker and associates.

The new Uplanders arrived here recently from Monmouth, Ill., and are temporarily living in the John Diffenbaugh residence at 1677 North Euclid avenue. They will move to their new residence within a week. The L. W. Melburg family, 1435 North Euclid avenue, also formerly lived in Monmouth.

Dr. Grier served as the college president 16 years. The enrollment is about 600 students. They have a married daughter living in Baton Rouge, La.

Parkside's Fate Still Indefinite

While no tenants are being admitted to the unoccupied Parkside dwellings, the fate of the temporary project is still indefinite, Otto Roen said yesterday.

Mr. Roen, executive secretary of the Upland Housing Authority, points out that authorization for the removal of Parkside must come from a federal agency.

According to latest information, there is little prospect of removing the temporary dwellings before the first of the year unless another critical area develops.

Mr. Roen learned two weeks ago that 110 of the vacant houses were scheduled for quick removal, but plans were later changed.

All the 100 one-bedroom houses and some of the two-bedroom dwellings are now unoccupied.

20-30 Club To Work On Project For Fair

Preliminary work an Upland's exhibit for the Los Angeles county fair will keep members of the Upland 20-30 club busy at their regular meeting tomorrow night.

Ray Bigelow, chairman of the group in charge of the exhibit, announces that the display will have as its theme the fair's 25th anniversary. The 20-30 club annually arranges Upland's exhibit for the event.

Louise Wire, director of the class which meets every Monday and Thursday night, reports large turnouts at recent sessions. The class will meet four more times before the end of the summer recreation program on August 29.

Appointed to the committees are Frank Nichols and G. B. Warders, tickets; Dwight Bert, C. Ernest Olson and Joe Seitz, program; Ralph Colonna, Merrill Z. Conn and Lyman Keys, dinner and Mrs. Lillian Hilde, table decorations.

Red Cross Officials Attend S.B. Meeting

John Baumgartner, chairman of the Upland Red Cross, and Eunice Mitchell executive director, spent Friday in San Bernardino at a meeting of officials from five Red Cross chapters.

Mr. Baumgartner and Miss Mitchell discussed with the group the activities of the chapter during the year, and made arrangements for the county disaster chairman to visit Upland to inspect and direct activities here.

Court Action Is Scheduled Over 36-Acre Tract

City of Upland is going to be sued by Hammersley & Peters, subdividers, in an effort to force through their right to place a subdivision on West Thirteenth street, according to Roy Chapman, San Bernardino attorney.

"I have been authorized by my clients to prepare a case against the city and I expect the complaints will be filed against the city and the councilmen before August 20," Mr. Chapman said from his office in the county seat yesterday.

He said the complaint in part would state "that under the law, the action of the city planning commission and the city council was unreasonable and that there was no legal basis for denying the subdivision application."

Records Checked

Mr. Chapman, who appeared with the applicants at meetings of the commission and the council, said a Los Angeles legal firm had joined him in the search of legal records and that on the basis of their findings, the subdividers authorized court action.

"After the complaint is filed, the city will have 10 days in which to reply," explained the attorney. "This will mean the trial can be set within 60 days."

Mr. Chapman emphasized that a "case of this kind gets precedence" and that he forecast a decision from the court during October.

A stenotypist recorded the last three meetings of the city council when the subdivision proposal was discussed. A transcription of these proceedings may be used by Mr. Chapman in the court hearing.

Application Denied

Late in June the planning commission denied the application. On an appeal, the applicants asked for a hearing from the city council. The councilmen, in a 3 to 2 vote, supported the commission's stand and again the applicant was denied.

Hubert Manker, native Uplander, is owner of the 36 acres west of Euclid and south of Thirteenth which is sought for subdivision purposes. Considerable opposition to the project has been expressed by citrus growers and residents on Euclid avenue.

L. L. Hammersley, Pomona subdivider, said the board of directors of the firm had decided to take the question into court and that he was looking forward to the final decision.

"I was under the impression Mr. Chapman was going to have the complaints served by now," he explained. "In any event, we are sure of our grounds."

City Attorney Henry M. Busch, when advised of the impending action, said that he had planned to leave on a vacation August 22 and that "he might need more time in which to answer."

Mr. Busch has advised the council the city has a strong case and he observed that "no court would go contrary to the wishes of a city's elected officials."

Mrs. Harry A. Laughlin, 382 North Laurel avenue, was admitted to San Antonio hospital Friday for medical care.

Col. Rutherford Is Uplander Due To Glowing Report

Upland's reputation as a choice residential city is widespread—even a federal agency lists Upland as one of the nation's best cities in which to live.

Col. D. J. Rutherford, a retired army man, established his home here on the recommendation of the federal agriculture department.

Col. Rutherford was in Washington, D. C., prior to World War II when he stopped in at the federal agency to inquire about good residential cities.

"I was considering a location for a home when I retired," said Col. Rutherford, "and I thought maybe the agency could help me."

Permits on Windshield

Overnight Cars To Show Paper

A slip of special paper displayed on the windshield will make it possible for cars to be parked overnight on Upland streets, Police Chief Ralph H. Palmer reported yesterday.

Officers have ceased issuing citations for cars parked out over night until the permits are ready for use. Chief Palmer expects the permits to be ready some time next week.

The over-night parking permits will be printed in duplicate, one copy of which will be displayed on the windshield of the car and the other retained by the police department. The permits will be of convenient size for attaching to car windshields.

Any car parked on the street between 1 a.m. and 6 a.m. without a permit will draw a citation, the chief warned. Anyone needing a permit must call at police headquarters.

"We don't want to work a hardship on anyone," said Chief Palmer, "but we want to be sure that people need to park on the street. Many people with empty garages park out overnight."

The ban on overnight parking is designed to cut down on burglaries and prowler cases. With the duplicate permits, the police officers will also be able to keep a better watch for stolen cars.

Local BPW Club Given Credit For Survey

Members of the Upland Business and Professional Women's club and other individuals are receiving praise this week for their efforts in the survey which resulted in Upland's being chosen as one of the two most desirable residential cities in the United States.

In the current issue of Pathfinder, a nationally-distributed news magazine, Upland is rated as 205 points above "exceptional" as a residential city.

The survey was made by members of the B.P.W. using a formula worked out by the late Dr. E. L. Thorndike of Columbia university. The formula was published in an issue of Changing Times magazine last year under the heading "Is Your Town Backward?"

Followed Program

Dr. Thorndike had tested his formula on several cities and listed Pasadena as the ideal place to live. The article came to the attention of the local B.P.W. club and members decided to use the test to determine Upland's desirability as a residential city.

Under the direction of Mrs. James Bessant, chairman of the public affairs committee, members compiled extensive information on death rates, literacy, the amount spent on schools, the amount contributed to charity, the prevalence of child labor, the number of phones and the amount of crime in making the survey.

The results were made public in a committee report issued in April. Not long after this a Pathfinder staff member called on Mrs. Lillian Hilde, secretary of the chamber of commerce, and she gave him information on the history of the city and outlined several points of interest.

Pathfinder Checks Up

The Pathfinder representative later visited Upland and interviewed E. Robert Frady, past president of the chamber of commerce and City Manager Richard G. Manley.

According to Mr. Manley, the magazine reporter had a sheaf of newspaper clippings about the city.

Rotary Members See New Type of Picture

A modern version of grandfather's stereopticon entertained members of the Upland Rotary club at their noon meeting yesterday.

Pierre Woodman, a local architect whose hobby is photography, showed colored three-dimensional slides. Rotarians were supplied with the special glasses necessary to obtain the three-dimensional effect.

Explanation of the process used in making the pictures was given by John Gemmel, a professional photographer from Gemmel Drug Co., in Ontario. Double pictures are taken, he said, and they go through a special process.

President Jarvis Leman presided at the meeting and Dr. Kenward Babcock arranged the program.

effective temporarily in the meantime.

Councilman Donald Carr objected to the adoption of the resolution as proposed last week. This proposal restricted to 22,000 square feet any new building lots in the meantime. The proposal also sought to prohibit commercial poultry flocks.

C. H. Ellerbeck, 365 Central avenue, argued urgently against the poultry restriction on the grounds the resolution would prohibit him from bringing up to capacity his facilities.

Margaret Huebner Becomes Bride Of Wayne Welch In Einglewood Church

A number of Upland friends attended the wedding of Miss Margaret Huebner, daughter of Dr. and Mrs. Paul Huebner, and Wayne Welch of Huntington Park, held Sunday afternoon in the Inglewood Methodist church.

The ceremony was performed by Dr. Huebner, who was assisted by his son, Roger Huebner, who has been atending the theological seminary in Boston, Mass., during the past year. Miss Ruth Stickney of Upland was one of the bridesmaids.

The romance began at the University of Rredlands, where both the bride and bridegroom received their degrees in June. They will leave this week for Rochester, New York, where they will reside. Mr. Welch will attend Colgate theological seminary, and will also be in charge of a small Methodist church in Lakewood, near Rochester. The new Mrs. Welch will teach first grade in the Rochester schools.

Dr. Huebner was pastor of the Upland Methodist church some years ago, and later served as district superintendent. He has now taken the pastorate of the Inglewood Methodist church, succeeding Dr. Ralph W. Lee, new Upland pastor.

Miss Rilla Stickney and her mother, Mrs. Harold J. Stickney, assisted at the reception which followed the wedding rites.

Uplanders in attendance included Mr. and Mrs. Ernest A. Dart, Mr. and Mrs. W. W. Mather, Mr. and Mrs. Stickney and daughters, Ruth and Rilla.

After the serving of a dessert course, the group played bridge. Mrs. G. A. Brest won the high score prize, Mrs. Isabelle Brown received the traveling award, and consolation went to Mrs. Perry O. Long.

Mrs. Brown and Mrs. Ellen McPherson were guests, and members present were the Mesdames T. M. Nichols, William Springer, G. A. Brest, F. H. Manker, Perry O. Long, and the hostess.

David Ramirez, 1309 North Campus avenue, was admitted to San Antonio hospital Monday for medical care.

Death Claims Mrs. Phoebe Johnson, Upland Pioneer

Funeral services were held Wednesday afternoon at the Stone funeral chapel for Mrs. Phoebe Johnson, long-time Upland resident, who died Monday morning at the home of her daughter, Mrs. Paul A. Leaman, in Los Angeles, following a long illness. She was 85 years of age.

A native of Ontario, Canada, Mrs. Johnson came to Upland 46 years ago and lived here until eight years ago when she went to Los Angeles. Her husband, Arthur H. Johnson, who served on the Upland city council for more than 25 years, much of that time as mayor, died in 1944.

The Rev. Alvin C. Burkholder, pastor of the Upland Brethren in Christ church, conducted the funeral services, and interment in Bellevue cemetery followed.

Pall bearers were Harry Plum, Wesley Plum, Ernest Olson, Joe Bert, A. J. Handley and LaVerne Leaman. All of these men, with the exception of Mr. Leaman, worked for the old Johnson-Brown grocery store. Rev. Burkholder's first job was with that store.

Local BPW Club Given Credit For Survey

(Continued from page 1)

"There's just one thing I want to clear up, though," says Mr. Manley. "The city hall was built with money made on lemon trees, not oranges."

Members of the public relations committee of the B.P.W. who made the survey included Mrs. Paul Hottel, Mrs. Douglas Black, Mrs. F. H. Manker, Mrs. I. J. Linkey, Mrs. Harry McLaughlin, Mrs. Bessant and Mrs. E. Tweed Stone, who was state chairman of the public relations committee. Others who assisted were Mrs. Hazel Cassell, city clerk, and Frances Barks, past president of the club.

New Survey Planned

The club plans to make the survey again this year to test its accuracy and to see if conditions have changed, according to Mrs. Cassell, club president.

In a statement concerning Upland's recognition as a choice residential city, Mrs. Hilde expressed the opinion of many residents.

"The individuals who made the survey are to be commended," she said, "but it is the work of the entire community that has put Upland in the position for this honor."

Col. Rutherford Is Uplander Due To Glowing Report

(Continued from page 1)

The department had data on cities all over the country, including information on the number and attendance of churches and schools, the number of delinquents, the police records, lists of contributions to charity and much more information.

"Upland was recommended as one of the top cities," the colonel said. "I already knew the area since I had visited relatives in Pomona. My wife later lived in Ontario during the war."

The Rutherfords purchased their home at 2295 North Mountain avenue about six years ago when Col. Rutherford retired.

"I have found since I've been here that all the things they said about Upland are true," he observed. "It is difficult for a military man to adapt himself to civilian life, but the people here are so friendly and helpful they make it much easier. They take you in, make you feel that you belong."

Last Rites Held For Mrs. Lillian M. Fry

Mrs. Lillian May Fry, wife of Fred Fry, died Sunday night at her home, 633 West Seventh street, following an illness of eight years duration. She was 81 years of age.

Funeral services will be held today at 2 p.m. at the Stone funeral chapel. Interment will follow in Bellevue cemetery.

Services Held For C. C. Eymann Former Uplander

Relatives and friends paid final tribute to C. C. Eymann, longtime resident of Upland and Cucamonga, Wednesday afternoon when funeral services were held in the First Mennonite church.

Mr. Eymann died suddenly Sunday morning at his home, 1324 South Lovell street, Arcadia. He was a retired lumberman.

A native of Iowa, he came to California in 1903. From 1907 to 1923 he was manager of the Eymann Lumber company. He also served as Upland city clerk from 1910 to 1912, just a few years after Upland became incorporated. He left this vicinity some years ago, and had made his home in Arcadia for the past three years after he retired.

Surviving Mr. Eymann are his wife, Emma C. Eymann; five sisters, Mrs. Emma Ruth, Mrs. Paul Schowalter and Mrs. Edna Harms, all of Upland; Mrs. Onnie Ledig of Alta Loma, and Mrs. W. R. Goerz of Sacramento; a sister-in-law, Mrs. E. G. Eymann of South Gate; and many nieces and nephews.

The Rev. and Mrs. George Beare, returned missionaries from India, will speak and show colored slides of their journey home from that country. They traveled for six months, coming by way of Africa.

For the 10:45 worship service Sunday morning, the pastor, the Rev. Alvin C. Burkholder, has chosen "The Word of God" as his sermon topic.

"Soul" Will Be Christian Science Bible Lesson Topic

Man's individual being, which includes health, strength, holiness, vision, wisdom and love, originates in Soul, God, and can never be lost or destroyed, according to the lesson-sermon on "Soul" for the 11 o'clock Sunday morning service at the Ontario Christian Science church.

The golden text is from the Psalms: "I have longed for Thy salvation, O Lord; and Thy law is my delight. Let my soul live, and it shall praise Thee; and let Thy judgments help me."

July Figues

Sales Tax Income Rises 18 Per Cent Over 1951

City sales tax collections for July show an increase of 18 per cent over July of last year, according to City Manager Richard G. Manley's monthly report.

The sales tax revenue for the month totaled $5,209 compared with $4,401 for July of 1951. Ontario's increase was only 13 per cent over last year's figures.

Business license income also increased to $8,522 from $7,335. Revenue from dog licenses was $1,668 compared with $214 last year. Gate receipts from the ball park increased to $242 from $129.

Both city court and motor vehicle fines showed a decrease. City court fines dropped to $248 from $320 last year and motor vehicle fines dropped to $1,772 from $3,302. Other changes were negligible.

Present financial balance of the city is $217,159 compared with $128,206 at this time last year.

Mr. and Mrs. Robert Hargis, 781 Sycamore court, left on Sunday for a three weeks motor trip which will include Wichita Falls, Texas, and Denver, Colorado. Mr. Hagis is the local distributor for the Electrolux cleaner.

* * *

After a week's visit at the home of Mr. and Mrs. R. V. Ward, 1515 West Arrow highway, Mr. and Mrs. Fred Borgfeldt and their young son have returned to their home in Illinois. During their stay here the Wards took them on tours of several points of interest, including the Farmers Market in Los Angeles, Knott's Berry farm and Laguna Beach. Mrs. Borgfeldt is a niece of Mrs. Ward, and this was her family's first trip to California.

Chaffey Board Approves Budget

Maintenance of the ninth grade at Upland Junior high school during the 1952-53 school year will cost the Chaffey school district $27,168, according to the budget recently approved by the board of trustees.

The money is allotted for teacher salaries, rent and supplies. While the ninth grade is supported by the Chaffey district, it is held at the local school.

Budgets totaling $2,258,897 for Chaffey high school, the new Fontana high school and Chaffey college were approved. The figure shows an increase of $177,615 over last year's budget.

The principal item in the budget is the cost of instruction. The higgh school budget totals $1,441,624 and the college budget $817,273.

New instructors recently named are Willard Tyler, journalism at the college, Kenneth Cartzdafner and Duane White, English at Fontana, and Jeanette Marcell, homemaking at Chaffey high school.

Sgt. Huffman Visits Here While On Furlough From Army

Sgt. Samuel Huffman, Jr. son of Mr. and Mrs. Samuel E. Huffman, 1845 West Ninth street, is now visiting here while on a brief furlough from the army.

Sgt. Huffman is spending some time at the home of his wife's parents, Mr. and Mrs. Max Vaucher, 450 West Eighteenth street. Mrs. Huffman has been living with her parents since March.

Among the couple's plans during his furlough are a vacation at Lake Arrowhead.

Sgt. Huffman will be stationed at some base in the United States at the end of his leave. He has just returned from serving nine months in Japan and six months in Korea in an artillery division.

Drug Addicts' Danger Outlined

While at present there are no specific cases of sales of narcotics in Upland, Upland policemen are constantly alert to the situation and seek the full cooperation of the public, Police Chief Ralph H. Palmer said at the meeting of the Upland Lions club at noon Thursday.

"Narcotics are the cause of much of today's crime and everything possible is being done to prohibit spread of the drug habit" Chief Palmer declared. "Once a person is 'hooked' he will do anything to get money..A victim constantly lives in fear—fear he will be unable to continue to get the drug and fear of being arrested."

Harry R. Snowden was program chairman with President Fred H. Jacobs in charge of the meeting. The club's next meeting will be in the firemen's cabin with Sam D. Barker and C. Ernest Olson in charge.

Orange Market Shows Increase

Sales of Southern California valencia oranges increased more than 100 cars during the week ending August 9 but prices declined about 20 cents a box from those of the previous week. The lower trend of the market was attributed to heavy supplies of seasonal melons and fruits.

Demand for California lemons was noticeably easier during the week. Temperatures were lower in many of the important midwest and eastern markets resulting in a decline of aproximately 40 cents a box in f. o. b. average returns and a drop of 50 cars in volume from that of last week.

Prorate for the week ending August 16 was set at 450 cars by the Lemon Administrative committee, 50 less than the current week.

Uplander Entered In Outboard Motor Championship Race

Robert Harlow, 580 North Laurel avenue, will be among the several hundred outboard pilots vieing for honors in the Western Divisional Stock Outboard championships in Long Beach Saturday and Sunday.

Harlow, who will compete in the Class A hydroplanes division, will enter the eliminations Saturday which will determine the starters for Sunday's championships. Races start at 12 noon both days, with ten classes of boats performing in the waters of the Long Beach Marine stadium.

Spending much of his spare time on the water, Harlow has entered eight competitions this season and has walked off with three second-place prizes.

Car Overturns When Steering Gear Locks

A locked steering apparatus was held responsible for an auto accident which overturned an Uplander's car Thursday afternoon.

Arthur B. Couts, 875 North First avenue, told police the steering mechanism of his car locked after he crossed a set of railroad tracks and the car turned over after veering off the road near Arrow highway and Grove avenue. Mr. Couts was uninjured.

Ike, Nixon Vow To Support Judge Hilliard

Judge Carl B. Hilliard, judge of the superior court of San Bernardino county, was assured of full support in his coming campaign for Congress by both General Dwight D. Eisenhower and Sen. Richard Nixon last week.

Judge Hilliard met with the Republican candidates for an informal conference at the Los Angeles International airport shortly before the general left by plane for Denver after speaking to the Veterans of Foreign Wars convention last Tuesday.

"I recognize the importance of having capable congressional candidates on the Republican ticket. I want to assure you of my interest in the race in your county and of my full support."

JUDGE CARL HILLIARD

Nixon, who has spoken in San Bernardino county on several occasions and is familiar with the district, told Hilliard that he and General Eisenhower would do whatever is possible to assist in the campaign.

"General Eisenhower is familiar with our district and showed a genuine desire to be helpful to my candidacy. He looked rested and ready for the big task ahead," Judge Hilliard observed.

"When I first met Eisenhower in Chicago last month, I was impressed with his great sincerity and his deep sense of conviction That impression was reaffirmed in our meeting yesterday," the judge continued.

"I am confident that he and Dick Nixon will take their program to the American people in a manner that will win support from voters in all segments of the population and in all geographical areas."

Mrs. Hilliard accompanied Judge Hilliard at the conference with Eisenhower and Nixon.

Cucamonga P. O. To Get New Building

Plans call for extensive remodeling of the new post office site, which was chosen to handle the growing business of the office.

THE IDEAL CITY . . . UPLAND

Columbia University's Rating Places Greater Responsibility On All Upland Residents

Upland proudly accepts the high role given it by Columbia university.

It is a distinction and a coveted honor to be rated 205 points "above exceptional" and that is the high position given this community following a comprehensive survey by the famous New York university. The Pathfinder magazine reported results of the survey and The Upland News was happy to publish this enviable report last week.

"How come?" is a question frequently asked since then. Those who reside here realize this is a golden gem of a residential community. And the sudden realization that Upland is being given national publicity as one of the country's favored communities makes us all proud—and yet humble.

To the Upland Business and Professional Women's club goes much of the credit for bringing to the attention of the university researchers Upland's basic qualities and its many attractions. On page one of today's paper is a more detailed report concerning the local club's extensive work in making the survey.

Suffice to say here that achievements of the past are largely responsible for Upland being singled out as among the nation's best residential communities.

The men who planned Euclid avenue and the vision that resulted in its development; the countless numbers of people who have worked in making Upland the choicest community and the citizens who have generously contributed to many projects, all played a major role in building today's strong foundation.

Columbia university statisticians in effect say we have here the most ideal residential community west of New York. Ilion, New York, was also listed by the university and Pathfinder as having an exceptionally high rating.

In this brilliant spotlight, Upland will be analyzed more than ever by people who are interested in locating in the finest possible residential community.

Dr. E. L. Thorndike, Columbia university professor, who instituted the survey among cities, has said: "When a city is really a good place in which to live, 80 per cent of the credit goes to the personal qualities of its citizens."

Euclid avenue's beauty helps. Good street pavement is a factor, and so is the general appearance of the community. If Dr. Thorndike is correct, more important, however, is the attitude of Uplanders toward each other, their community welfare projects, their schools, their hospital, their Boy and Girl Scouts, the Red Cross and their interest in all local affairs.

The natural reaction to a glowing compliment is greater pride in the thing that inspired that compliment. That being so, Uplanders' reaction will be one of greater devotion to the betterment of the community and a greater interest in those of our neighbors who need help.

It is timely, perhaps, for us right here to look at ourselves, our community, our front yards, our back yards, our civic attitude, and our loyalty to our home town.

It is fitting to point a finger directly at our community, check over some things we have, and then ask: "Should these exist in an ideal community?"

We can look at the number of people who respond for a call of the blood bank and ask: "Is this the way people respond in an ideal community?" We can check up on the number of people who vote in the school election and then ponder —"Is this the way people turn out in an ideal city?"

Loyalty to one's community should be intense in an ideal community. Everyone in an ideal community should be exceedingly enthusiastic over all that is here—the business district, the schools, the churches, the newspaper, the citrus industry, the hospital, and everything else that goes to make up Upland—the community rated 205 points "above exceptional."

The role given us brings greater responsibility.

An ordinary athlete can win or lose without getting much attention. A champion falters—and everyone knows about it.

An ideal community is like the champion athlete. We've got to be good in every phase of activity. That is expected of us.

Uplanders accept that role—and humbly pledge themselves to be constantly on the alert in making this an even better place in which to live.

School Board Approves Budget

A budget totaling $367,634 for the Upland Elementary School district during the 1952-53 school year was approved at a special meeting of the board of trustees Thursday night.

The figure shows a 20 per cent increase over last year's budget of $306,181. The increase is necessary, according to Superintendent Harold W. Cook, for the salaries of five new teachers, the higher cost of supplies and equipment and the increase in transportation expense.

Mr. Cook has pointed out that the large increase is not likely to boost the tax rate more than two cents on every $100 of assessed valuation. Additional state aid granted because of increased attendance will cover most of the rise in expenditures.

In other action Thursday night the board hired Theodore Million to teach English and science in Upland Junior High school and Mrs. Edith Wade to teach mentally retarded children in the Upland district during the school year.

Mrs. Lulu R. Atwood, who formerly taught in Upland schools, has been reemployed after an absence of six years. She will teach a third grade section at Upland Elementary school.

The board also took under consideration a letter from the Upland Teacher's club requesting an increase in sick leave benefits.

Following is the complete budget for 1952-53

Administration	$ 13,800
Instruction	211,200
Auxiliary Services	4,100

Maintenance of Plant	14,500

What Makes A Good Town?

A national news magazine asked its readers that question last week, and then pointed to our Upland as one of the two cities in the United States exemplifying the "good town."

This is something of which we may all be very proud, because the answer to the question is that the people who live in Upland make it an exceptionally fine residential community.

With this in mind, the future of Upland looks bright. We have a well established tradition of responsible citizenship to pass on to the young people of the community in this era of growth and change.

You can economize by not buying—but we can't!

Why do we keep on building electric service facilities when costs are so high and our construction budget runs into many millions of dollars every year? That's a good question. And here's the answer: We need the facilities right now. We added approximately 70,000 new customers to Edison lines each year in four of the past five years. Actually, our customers used almost a billion kilowatt hours more in 1951 than in 1950—and when someone orders electricity by flicking a switch, we must be able to deliver it.

Rev. Burkholder

Sermon Praises "Blessed Hope"

A "blessed hope" is man's best conquest of fear in the modern world, Rev. Alvin C. Burkholder told the congregation of the Brethren in Christ church in his sermon Sunday.

Taking as his text the words of Titus 2:13, the Rev. Mr. Burkholder told the congregation that since World War II and the atomic bomb, people have been gripped by fear.

"World leaders, statesmen, scientists and church leaders view the future with apprehension," he said. "We are truly living in a frightening age, but in the midst of our present troubled world the scripture tells us we can have a 'blessed hope'.

"We find three classes of people: those who live without hope, those who have a false hope and those who enjoy a 'blessed hope'.

Some Without Hope

"The scriptures tell us that the sinner in his natural state is without hope, 'that at that time ye were without Christ, being aliens from the commonwealth of Israel and strangers from the covenants of promise, having no hope, and without God in the world.' Eph. 2:12. The supreme tragedy of life would be to have no hope, no Saviour.

"A second class of people are those who have a false hope. This group depends upon its own righteousness, church membership, moral conduct or other self-virtues for its salvation. We are not saved by works, but by faith in the Lord Jesus Christ.

"The third class of people are those who possess a 'blessed hope.' The following three points relate to the 'blessed hope'.

Three Points

"1. This 'blessed hope' is built upon the redeeming work of the Son of God. Man in his unregenerated state stands guilty before God. When awakened to this fact and accepting the atoning work of Christ, he is born into the kingdom of God. This experience produces an assurance of peace and a hope of eternal life.

"2. The 'blessed hope' means better days. The word 'blessed' means 'happy'. Today many are suffering from lingering disease, poverty and other adverse conditions in life, yet if they possess the 'blessed hope' they look forward to better days. Our tears have been many, sorrows manifold, but the Christian looks forward to a better day.

"3. The 'blessed hope' is a lively hope. I Peter 1:3 "Blessed be the God and Father of our Lord Jesus Christ, which hath begotten us again unto a lively hope by the resurrection of Jesus Christ from the dead". The word "lively" means "living" so we have a "living hope."

"To not have this "blessed hope" we are missing the best in life. In these days of unrest and uncertainty may we all possess this hope which becomes an anchor to the soul."

Many Firms Aid In Erecting Empire Building

Many firms had a part in the erection of the new building for The Empire Co. With W. C. Jones as the general contractor, Upland and Ontario supply firms participated in the structure on the west side of Second avenue south of C street.

Allen T. Mitchell & Son provided the plumbing with James C. Whaley, the roofing contractor. The Upland Furniture Co., furnished and placed the carpeting. Painting was under the direction of Reed & Reed. W. C. Cline Co., provided the cement work.

Electrical wiring and installation was done by the Citrus Electric Co., of Cucamonga and the asphalt floors were provided by Selk & Son. The Citrus Belt Glass Co., furnished the glass for the attractive windows and office furniture was provided by the Tiernan Typewriter Co. Draperies and venetian blinds were the work of the Modern Home Paint Co. Frank Gingerich, long-time Upland craftsman, did the plastering. T. M. "Ted" Skow provided the formica counter tops.

Plants for the decorative shrubbery in front of the building came from the Horticultural center.

Two out of every five persons killed in traffic accidents, and one out of four injured, are pedestrians, according to the National Automobile Club.

Young Brubaker was awarded a Mayr Foundation scholarship for scholastic standing and special aptitudes. He attended high school in Niles, Michigan, and Chaffey high school.

Among Brubaker's past honrs are the good citizenship award of the Daughters of the American Revolution and a scholarship to a piano session at Interlochen National Music camp.

He plans to prepare for a career in business at Claremont Men's college.

Tom Jamieson, son of Mr. and Mrs. N. R. Jamieson, 1655 West Ninth street, returned home this week after studying at the Art Center school in Los Angeles.

Young Jamieson was awarded a scholarship to the six-week course in basic art leading to the profession of industrial design. Several of his works were exhibited in the school's open house Monday night.

Lt. Webster Destroys Enemy Plane

Local Mother of Three Servicemen Learns of One Son's Jet Battle

Pride in one son's military feats has partly overshadowed an Upland mother's anxiety for his brother who has been missing in action for two years.

Mrs. Lucille Webster, 45 West Eighth street, has three sons now serving in the armed forces. She learned this week that her second son, Lt. Edward Webster, recently shot down an enemy plane in an air battle over Korea.

Lt. Webster is credited with destroying one of the four Communist MIG-15 jet planes that were shot down in fighting over North Korea last Thursday. He took part in three high-altitude duels near Sinuiju, on the North Korean side of the Yalu river in which five other enemy planes were damaged.

His hit Thursday was Lt. Webster's first record of destroying an enemy plane. He has been serving in Korea since April, and has previously flown F-86's. According to recent letters to his mother, he expects to be returned to the United States in November.

Lt. Webster enlisted in the air force in July of 1950 after attending Montana state college for three years. He is a graduate of Chino high school.

Mrs. Webster's oldest son, Capt. Harold Webster, was reported missing in action in August of 1950, just one month after the enlistment of his brother Edward. Word came to Mrs. Webster that Harold was lost in action during an air battle near Taegu.

His mother is still in hopes that he is alive, since the graves classification department has no record of his name.

Capt. Webster had served continuously in the air force since 1943, taking part in the European theater as a fighter pilot. He had served in Korea three months before he was reported missing. His wife and eight-year-old son live in Maywood.

Youngest member of the Webster family to enlist in the air force is Airman Second Class Thomas Webster, who is now serving near Pusan in an ammunition supply depot.

Young Webster enlisted in January of 1951 after graduation from Chaffey high school. He arrived in Korea some two weeks ago.

LARGEST LUMBER MILLS

One of the largest lumber mills in the world is located at Westwood in Lassen county.

Events Planned By Young GOP

Planning for two August events kept Chaffey District Young Republicans busy this week. The group is also preparing to play a major role in the Southern California campaign for the presidential elections in November.

Next Thursday night the Young GOP will hear William Walk describe the 1952 Republican convention. Mr. Walk was an alternate to the Chicago conclave. He will speak at Memorial hall, 209 East I street, Ontario, at 8 p.m. The public is invited.

August 25 is the date set for the dance the Young GOP will sponsor at the Red Hill country club. Mrs. Dorothy Summerhays is planning the event, with Bernard Naftel handling tickets.

The Chaffey District group has been alerted to play a vital part in the fall campaign, according to Ray Ferguson, Young GOP head. Mr. Ferguson conferred with Republican campaign officials last week and learned that while the plans are not complete, the local group is being counted on for a large part of the campaigning in the West End.

Signals with the full arm, not just the hand, are said by the National Automobile club to be a method of keeping freer from accidents.

Motor Vehicle Office To Close August 19

Upland office of the department of motor vehicles will be closed from August 19 through September 9 while the staff is on vacation, Raymond We[st] office will be open each Tue[sday] beginning September 16.

The Empire Co. Occupies New Insurance Building

The Empire Co., is taking another big step this week.

The organization headed by Marion W. Grothe moved this week into its large, attractive office on the west side of Second avenue south of C street. The new building is immediately across the street from the office it was occupied since 1947.

"We cordially invite the public to inspect the expanded facilities," Mr. Grothe said. The new location is 387 North Second avenue.

"It has been very thrilling to serve people in this community and the fine cooperation and interest shown by them has made possible the erection of the new building."

W. F. Rugg, who has erected a building for medical offices at Second aavenue and C street, also erected the new Empire building in accordance with special specifications and plans to serve the insurance firm .

Mr. Grothe joined the Empire Realty & Mortgage Co., as an insurance salesman in 1930. The late F. W. Palmer and M. E. Titus formed the organization in 1911. On Mr. Palmer's death in 1940 the business was reorganized, with Don E. Palmer and Mr. Grothe equally sharing ownership. In 1946 Mr. Grothe acquired full ownership of the pioneer firm.

"The insurance business developed rapidly and I could see we needed more space so we obtained an office in the new Mac Rill building," Mr. Grothe explained. For years the firm had been located in the First National bank building. "On moving to the MacRill biulding we dropped the real estate phase of the business and devoted our full attention on insurance."

The name of the firm was changed during its development years by Mr. Grothe to the Empire Co. Additional personnel was needed to serve the insurance clients. Sometime ago Mr. Grothe recognized the need for additional space. Arrangements were then made with Mr. Rugg to erect the new office that is now being occupied.

"In planning the new structure we not only considered our present but also future needs—and we now have adequate facilities to serve our clients for some time," Mr. Grothe said. "We realize, of course, the community is growing rapidly and we are always going to be ready to serve the needs."

Included in The Empire Co., staff are Sheldon Taylor, office manager; Mrs. Alva McLaughlin, secretary-cashier; Bernard Naftel and Charles L. Milhiser, salesmen. A local accounting firm makes a daily audit of the business.

The new structure, which adjoins the Rugg medical building on the south, has 1250 square feet. Erected with concrete block and with attractive red Norman brick used in the front, the structure is an outstanding addition to the business district. In large, white letters, the "Empire Co." attractively identifies the handsome structure.

Two private offices, one main office and adequate provisions for desks and filing cabinets are among features of the building.

Pleasing in tone is the attractive wall paper along one side of the general office with an attractive color scheme carried throughout the building.

W. C. Jones, long-time Upland resident, was the general contractor, who supervised all phases of the construction. Many local craftsmen and building firms were used in giving the new addition to the community.

Cucamonga Plan Coming Grape Festival

Cucamonga is "going western" this week in preparation for the annual Wine and Grape Festival Sept. 6 and 7. Decorations following the "Western Theme" of the celebration are going up on buildings and stores and citizens are urged to wear western attire.

Latest plans for the festivities were laid at a meeting of the board of directors Thursday night when Sandra Pastrone, 17-year-old daughter of Mrs. Mary Tapparo, 144 West Foothill boulevard, Cucamonga, was selected as queen.

Head Parade

Miss Pastrone, a senior at Chaffey high school this fall, will head the parade of the queen's court in the festival. A chorus major at Chaffey, she is active in dramatics and modern dance work.

Other highlights of the fastival will be an amateur talent show, a children's bicycle parade, a pet and hobby display, and agricultural displays.

The festival board will meet tonight to hear progress reports and make additional plans.

A permanent stage is being erected this year to serve as a headquarters for all festival activities. The amateur talent show will be presented on the stage.

Awards Scheduled

Awards for each division of the opening parade will be presented, according to Festival Chairman C. A. Tate. Application blanks for entering all divisions are available at the Central school office and at the Cucamonga Times office.

Stanley Lewis is in charge of carryingg out the western theme, and he is scheduled to direct activities of business houses in arranging decorations.

Mike Carrari will direct the exhibits of wines and grapes which are expected to match the exceptional harvest this year. Parking will be directed by the fire department with Louis Gakle in charge.

Conn Named Red Cross Aide

Merrill Z. Conn was named this week as disaster chairman of the Upland Red Cross for the year according to John Baumgartner, chapter chairman.

Mr. Conn succeeds James Goodban in the position. He will be in charge of any disaster affecting residents in this area. Closely connected with civil defense work, the disaster group will prepare for flood or earthquake emergencies as well as those caused by a bombing.

The committee also provides aid to families whose homes are destroyed by fire. Mr. Conn is now choosing Red Cross volunteers to assist him during the year.

It always pays to TRY UPLAND FIRST.

You get all the local news of your community, summarized and easily read in your Upland News. The cost is only $1.50 for six months.

People make a community and it is every citizen's obligation to do something to make his community better. What are you doing?
